The Organization was incorporated in January 1964 for the purpose of providing life skills and work related training to adults with developmental disabilities. The purpose of the Organization is to support these individuals reach their optimal level of individual potential by delivering a broad range of resources and ongoing guidance.

The financial statements are prepared using the accrual basis of accounting and are in accordance with Statements of Financial Accounting Standards No. 116, Accounting for Contributions Received and Contributions Made, and No. 117, Financial Statements of Not-for-Profit Organizations. Accordingly, the classification of the Organization's net assets and its revenues and expenditures is based on the existence or absence of donor-imposed restrictions. The provisions of these standards require amounts for each of three classes of net assets - permanently restricted, temporarily restricted, and unrestricted - be displayed in the Statement of Financial Position and the change in each of those classes of net assets be presented in the Statement of Activities.

Permanently restricted net assets represent a portion of funds that are not expendable, except for the interest earned on these funds. Temporarily restricted net assets include those assets which are subject to a donor restriction and for which the applicable restriction was not met as of the end of the current reporting period. <u>Contributions</u> - Contributions are reported in accordance with SFAS No. 116. Contributions are recognized when the donor makes a pledge to give that is, in substance, an unconditional promise. Contributions are recorded as unrestricted, temporarily restricted, or permanently restricted depending on the nature of donor restrictions and depending on whether the restrictions are met in the current period. Restricted contributions are reported as increases in unrestricted net assets if the restrictions have been met in the current fiscal period. If the restriction has not been met by fiscal year end, the amount is reported as an increase in temporarily or permanently restricted net assets. When the restriction is finally met on a contribution received in a prior fiscal period, the amount is shown as a reclassification of restricted net assets to unrestricted net assets.

<u>Contributions In-Kind</u> - Contributions in-kind are recognized in accordance with the provisions of SFAS No. 116. Donated equipment and other donated goods are recorded at their estimated fair market value as of the date of the donation. Contributed services, which require a specialized skill and which the Organization would have paid for if not donated, are recorded at the estimated fair market value at the time the services are rendered. The following in-kind contributions were recognized by Futures Explored, Inc.:

<u>Estimates</u> - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

The cost of providing the Organization's programs have been summarized on a functional basis in these financial statements. Based on management's estimates, costs have been allocated between programs and supporting services as they relate to those functions.

<u>Promises to Give</u> - Unconditional promises to give, less an allowance for uncollectible amounts, are recognized as revenues in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized when the conditions on which they depend are substantially met. There were no promises to give at June 30, 2005.

<u>Deferred Revenue</u> - Deferred revenue is recorded when fees for services are received in advance. Revenue is recognized at the time the services are provided.
